Dear Sir:

Technology Center 2100

Please take notice that on October 14, 1999, the above-named inventor/applicant filed three utility applications on a *pro se* basis, namely, 09/418,240; 09/418,241; and 09/418,242, which applications have recently come to my attention. The delay in notification is occasioned by the belief of the applicant that these incomplete cases were abandoned and are not relevant in the prosecution of the above matter.
